The 10th International Conference on Emerging Ubiquitous Systems and Pervasive Networks

http://cs-conferences.acadiau.ca/euspn-19/

November 4-7, 2019, Coimbra, Portugal

The 10th International Conference on Emerging Ubiquitous Systems and Pervasive Networks (EUSPN) is a premier venue for bringing together multi-disciplinary researchers, professionals and practitioners from both academia and industry, who are engaged in different facets of ubiquitous systems and pervasive networks. The conference encourages innovative research contributions providing the recent significant developments and promising future trends of EUSPN based applications, systems, tools, environments and infrastructures in the fields of EUSPN and related areas. Papers on either completed or ongoing research are invited in the following and related tracks.

- *Ad hoc and Pervasive Networks*
- *Adaptive Systems, Intelligent Computing & Applications*
- *Big Data and Big Data Science*
- *Cloud, Cluster, Grid and Social Computing*
- *Emerging Pervasive/Ubiquitous Technologies*
- *Intelligent Traffic and Transportation Systems*
- *Internet of Things*
- *Mobile Computing and Wireless Communications*
- *Security, Privacy, and Trust*
- *Semantic Web Technologies*

Submission of Papers

Original, unpublished papers are solicited for presentation at the conference. Prospective authors are invited to submit papers (electronically, PDF Word format only) with no longer than 8 pages for full papers including all figures and references, and must be formatted according to the conference guidelines that can be found at:
http://cs-conferences.acadiau.ca/euspn-19/paper-submission.html

Submitted papers will follow peer-review procedures, and accepted papers will be scheduled for oral presentations. Selected papers will be invited for publication, in the special issue of:

- International Journal of Ambient Intelligence and Humanized Computing (IF: 1.588), by Springer
- International Journal of Computing and Informatics (IF: 0.504), by CAI
- IEEE Intelligent Transportation Systems Magazine (IF: 3.654), by IEEE

At least one author of each accepted paper is required to register and attend the conference to present the work.

Venue

EUSPN will be held in the city of Coimbra. Coimbra is a historical city and a municipality in Portugal. EUSPN 2019 will take place in the environment of technology startups and laboratories within the installations of Instituto Pedro Nunes (IPN). IPN is created in 1991 through a University of Coimbra initiative, Instituto Pedro Nunes is a private non-profit organization which promotes innovation and the transfer of technology, establishing the connection between the scientific and technological environment and the production sector. In the year of 2010, the Instituto Pedro Nunes incubator3 has been awarded as the Best Science-based Incubator in the world.
