The International Conference on Emerging Ubiquitous Systems and Pervasive Networks (EUSPN) is a premier venue for bringing together multi-disciplinary researchers, professionals and practitioners from both academia and industry, who are engaged in different facets of ubiquitous systems and pervasive networks. The conference encourages innovative research contributions providing the recent significant developments and promising future trends of EUSPN based applications, systems, tools, environments and infrastructures in the fields of EUSPN and related areas. Papers on either completed or ongoing research are invited in the following and related tracks.

- *Ad hoc and Pervasive Networks*
- *Adaptive Systems, Intelligent Computing & Applications*
- *Agent Systems, Intelligent Computing and Applications*
- *Big Data and Big Data Science*
- *Cloud, Fog, Edge Computing*
- *Emerging Pervasive/Ubiquitous Technologies*
- *Human-Computer Interaction (HCI) and Explainability*
- *Intelligent Traffic and Transportation Systems*
- *Internet of Things (IoT)*
- *Mobile Computing and Wireless Communications*
- *Security, Privacy, and Trust*
- *Semantic Web Technologies*

Submission of Papers

Original, unpublished papers are solicited for presentation at the conference. Prospective authors are invited to submit papers (electronically, PDF Word format only) with no longer than 8 pages for full papers including all figures and references, and must be formatted according to the conference guidelines that can be found at:
http://cs-conferences.acadiau.ca/euspn-23/paper-submission.html

Submitted papers will follow peer-review procedures, and accepted papers will be scheduled for oral presentations. Selected papers will be invited for publication, in the special issue of:
- International Journal of Ambient Intelligence and Humanized Computing, Springer
- International Journal of Computing and Informatics
- International Journal of Ubiquitous Systems and Pervasive Networks, IASKS

Venue

EUSPN 2025 will be held in the city of Istanbul. Istanbul is Turkey's largest city and is located on the Bosporus Strait, which separates Europe and Asia. Istanbul is the only city in the world that straddles two continents, and it is known for its rich history and has been the capital of several empires, including the Roman, Byzantine, Latin, and Ottoman Empires. Istanbul is considered the home to many architectural wonders, including the Blue Mosque and Hagia Sophia, and Istanbul has been known by many names, including Byzantium, Constantinople, and Stamboul. Istanbul is a blend of Eastern and Western cultures. Finally, Istanbul is a UNESCO World Heritage Site.
